Library Takes on a Fresh New Look

by Gary Warren Niebuhr, Library Director

Phase One of the Library's new look included the paint and carpet that arrived in May. Now we are unveiling Phase Two. Thanks to generous donations from the following families and some Community Development Block Grant money, the library added new furniture. On September 15, we dedicated the Luke Sikorski Resource Center in the memory of our former staff member. Included in the enhancement are more computers for Internet access, new computer furniture and chairs, and some wireless access to CountyCat. On September 22, we dedicated the Maxie Boszhardt Youth Area in memory of this former resident and library worker. Included in the enhancement are our first computers dedicated to youth services, computer furniture and chairs and more wireless access to CountyCat. Thanks to all the families and the friends of these fine individuals for these memorials to some great people.

The Community Meeting Room in the lower level of the Multi-Purpose Building was also carpeted and painted in May. Thanks to numerous donations from many civic organizations and room users, the Meeting Room now features new tables, bulletin boards, dry eraser boards and a LCD projector. Thanks to everyone who supported this effort.

Vent Cover Reminder

by Joe Russ

With the arrival of fall, winter is not far behind. Thus a reminder that it is time to replace your crawl space summer vent screens with the winter vent covers. If you no longer have the winter covers (shown above, installed), it is recommended that you put styrofoam in the summer screens to keep the cold air out, and your floors a bit warmer. Note: some houses have round vents and covers.

With the help of Adin Ariens we will be able to build new summer and winter vent covers. Orders are needed to make prototypes and set prices. Call Al Emmons 423-1133 if interested.

Have You Seen a Missing Dog?

A black year-and-half old Pug named Joe has been missing since around 10:00 a.m. on October 19 from the Municipal Square area. If you have seen him, please call (262)751-2525 so he can be reunited with his owners.

Homeowner to Receive Tax Credits for Roof Restoration

by Al Emmons

In exciting news, Craig Helker of Acorn Court received approval for the State Historic Rehabilitation Credit to restore his roof to the original construction.

This owner will remove the current deteriorating asphalt roof with a 20-30 year life span that was unwittingly (the writer is being kind) installed by a previous owner. The roof will be restored with original clay tiles that have a lifetime of hundreds of years.

Because "Original" Greendale is listed as a nationally registered historic district this type of restoration is eligible for Federal and State income tax credits. Plus the home will be worth more. How much money will this owner get from the State. Stay tuned.
